## **Vocational Nursing Program**

### **What does this program prepare me to do?**

The Vocational Nursing program is designed to provide the student with the basic knowledge, skills and abilities to perform the duties of a Licensed Vocational Nurse in a health care environment. The practice of a vocational nurse is under the direction of a licensed physician, or registered professional nurse.

The program is accredited by the Board of Vocational Nursing and Psychiatric Technicians and WASC (Western Association of Schools and Colleges), with the completion of which meets the minimum requirements necessary for application to take the NCLEX-PN.

The program presents instruction in: anatomy & physiology, nutrition, psychology, normal growth and development, nursing fundamentals, nursing process, communication, patient education, pharmacology, medical-surgical nursing, communicable diseases, gerontological nursing, rehabilitation nursing, pediatric nursing, leadership and supervision.
