# WEB PAGE DESIGN

A career preparation program designed to provide related instruction and practical experience.

## WHAT DOES THE PROGRAM PREPARE ME TO DO?

**Website Design** - This course is designed to provide students with skills in the development of original websites and graphics. The training includes computer operation, storyboarding and complete layout of websites, and also graphic and layout software programs. This class is taught in a hands-on computer lab environment.

**Pre-Apprentice Advanced Website Design** - This course offers advanced skills in not only Website Design and Layout, but also advances your skills in creating and animating graphics, along with the creation of flash files. This will enable you, the student, to expand on your portfolio and knowledge.

## THE JOB

### HAVE YOU EVER WONDERED...

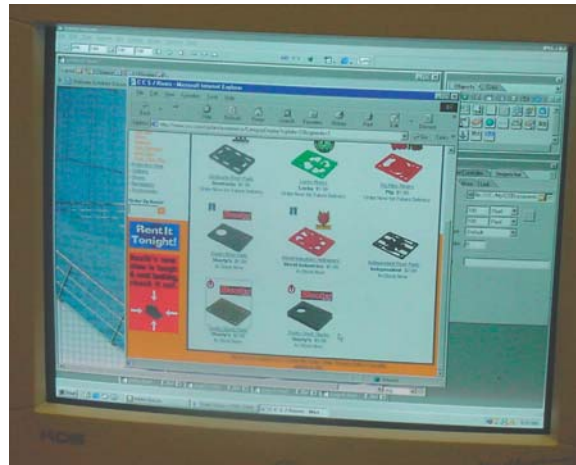

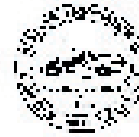

How they create all of those fabulous websites and great graphics, and bring websites literally to life? Did you ever wonder how many hours are put into designing these sites? Would you like to find out how many people it takes to produce a website, and what it takes to keep one up on the Internet? If you have, then this is the class for you.

The information age is here with interactive television, multimedia and an Internet that is growing at leaps and bounds. Don't let this growing field pass you by. Internet layout designers and graphic designers are in great demand. People just like you are starting Internet businesses and making good money in their spare time. Companies are also looking to hire employees with Internet experience.

## STUDENT OUTCOMES

Upon successful completion of an ROP course, each student will:

- ❖ Demonstrate occupational specific, communication and critical thinking skills
- ❖ Demonstrate responsible work ethics
- ❖ Demonstrate career/employment literacy
- ❖ Demonstrate effective use of technology

## EMPLOYMENT PREPARATION

While an in-depth education is important, networking is important too. Begin making connections as early as you can. Get involved with any events and organizations you can, and also help them with your technical skills in any way possible. We live in a great area; close enough to Los Angeles and companies from small to large, that are looking for entry-level workers and high school and college internships. There are so many possibilities in this growing industry.

## SPECIAL CONSIDERATIONS

- ❖ Minimum age - 16 years old or 11th grade
- ❖ Ability to work well with other people
- ❖ Patience - work can be repetitive and tedious
- ❖ Artistic ability and detail oriented
- ❖ Ability to follow directions and carry out sequences of activities
- ❖ Good communication skills
- ❖ Accuracy and ability to concentrate
- ❖ Ability to follow class rules and procedures

## ROP TEACHERS

ROP teachers know the job market, have business and industry experience within the field they teach and are credentialed. **LEARN FROM THE BEST WITH ROP TEACHERS.**

## COURSE LENGTH

One semester course - with option for advanced training

## ROP CERTIFICATE OF TRAINING

An ROP certificate of completion, including competencies, is awarded to students who complete the course.

## HIGH SCHOOL CREDITS

Upon successful completion of the class, credits earned in ROP are forwarded to each student's high school. These credits may be applied toward fulfillment of the requirements for a high school diploma.
