Students prepare for licensure as a Vocational Nurse in California and learn basic concepts in pharmacology, nutrition, psychology, anatomy, physiology, medical-surgical nursing, care of mother and her newborn, normal growth and development, and concepts of leadership for healthcare.

Baldy View ROP’s Vocational Nursing program trains students to provide nursing care for the sick, injured, and otherwise disabled health patients. Instructors utilize a blend of learning methodology that includes classroom instruction, laboratory simulations on site in the BVROP state-of-the-art VN Skills Lab, externships in clinical settings, ATI e-learning practice modules, and NCLEX exam preparation. Traditional prerequisites are not required for program admission. The program is designed to prepare students to meet all legal requirements for licensure as a Licensed Vocational Nurse in California. Upon successfully completing the program students will receive a Diploma in Vocational Nursing and are eligible to sit for the National Council of Licensure Examination (NCLEX-PN). Baldy View ROP’s Vocational Nursing program is accredited by the Board of Vocational Nursing and Psychiatric Technicians (BVNPT) and the Council on Occupational Education (COE).
